

The Cognitive Science Research Training Group

"Adaptivity in Hybrid Cognitive Systems"

<http://www.cogsci.uos.de/PhD/GK>

of the Institute of Cognitive Science at the University of Osnabrück,
invites applications for

8 Research Grants for PhD Students

The Research Training Group *Adaptivity in Hybrid Cognitive Systems* is associated with the Institute of Cognitive Science and research groups from the Institutes of Informatics and Psychology. It includes research groups in Artificial Intelligence, Computational Linguistics, Neurobiopsychology, Neuroinformatics, Philosophy of Cognition, Knowledge Based Systems, and Differential Psychology. The Institute of Cognitive Science at the University of Osnabrück is one of the largest European centres in Cognitive Science, offering degree programmes for BSc, MSc, and PhD in Cognitive Science and carries out research on a broad range of cognitive processes.

The Research Training Group *Adaptivity in Hybrid Cognitive Systems* combines a curricular PhD study programme with an interdisciplinary research programme in Cognitive Science. The language of instruction is English.

We invite applications for the PhD scholarships from all Cognitive Science areas. Scholarships are €1000 per month for a maximum of three years, to start at November 1st, 2008. For details about the individual dissertation projects as well as prerequisites and application procedure, pls. refer to <http://www.cogsci.uos.de/PhD/GK>. The application **deadline** is **July 18th, 2008**.

The University of Osnabrück strives to increase the number of women in research and teaching. Women are therefore explicitly encouraged to apply.
