

Gesellschaft für Kognitionswissenschaft e.V.

Application for ordinary membership

Furthermore, this form can be used to change the membership respectively to give a direct debit authorization. The annual fee (including subscription to the journal 'Cognitive Processing') is 70€ for ordinary members and 30€ for student members. The GK is a non-profit organization, the membership fee is used for scientific support of societal activities and in no case for private economic benefits or salary of the steering committee. For more detailed information please see the statute (available in German). Requirements to become an ordinary member of GK is the ownership of a Bachelor/Master or Diploma degree in a subject belonging to cognitive science and being scientifically active. Requirement to become a student member of GK is to aim a primary university degree qualifying for professional employment in a relevant study program. The duration of student membership is limited to two years and can be extended twice on application for two years each. A student member becomes ordinary member by submitting a certificate of successful graduation.
